

# 4 DAY-LONG FESTIVAL IN THE CENTRE OF KORTRIJK

PHOTOS & TEXT BY WIM BRUIN

If you live in Kortrijk for at least a year, you know the drill: Sinksen is the ultimate mashup of art, music, and pure culture. The city streets turned into a playground of creativity with jaw-dropping street performances, mind-blowing gigs, and inspiring art exhibitions. Imagine this: a parade cruising through the streets, blasting tunes that made your feet tap uncontrollably and your heart race with excitement. It was like being caught in a never-ending party!
